

PROLOGUE INC.
Permanent Supportive Housing Program
Harford County

Prologue has 9 permanent supportive housing beds in Harford County for individuals who are chronically homeless. We recently took over this grant from United Way. Our grant funds pay for a case manager, rent, utilities, furniture, and other items on a case by case basis.

The case manager provides weekly face to face visits to work on client identified goals, such as connections to mental and medical health appointments and professionals, supplying the person with household items, food, clothing, transportation access, behavioral health supports, employment assistance, housing searches, landlord communication, roommate disputes, daily activities of living, family supports, and connection to benefits.

Each client participates in creating a service plan based on individual goals and the case manager assists each person in working toward goals to maintain housing. Clients receive flexible supportive services that are tailored to their needs and not a condition of ongoing tenancy. Participants are permanently housed and Prologue holds the leases for each unit.
